SCORE CONNECT

Loan tracking/ Overdue Monitoring Mobile Application

Score Connect is a Loan tracking and Overdue monitoring mobile application which helps the Banks and Societies, to monitor the loan systematically. It completely automates the loan re-payment processes. Score connect will share total loan and Overdue collection responsibility to the staff or recovery cell persons. It notifies the due dates and helps you communicate with them with just a click. Also, update the cause of delay and the date they are assigned to repay the loan. This enables banks to have a hassle-free loan recovery process.

Loan Accounts which need to be monitored can be assigned to a monitoring person based on several criteria like Area, Number combination, Account Type etc

There can be enormous benefits a Bank can get from Score Connect:
